WANFA solidarity statement to Muckaty Traditional Owners

Countrymen,

We fully support your right to say no to radioactive waste dumping on your country and in your region. We don't believe the federal government's actions are right or in keeping with the United Nations Declaration on the Rights of Indigenous People (Articles 18 and 29) and we stand in solidarity with you.

We are facing the threat of uranium mining on our lands in Western Australia and we know uranium becomes radioactive waste.

We don't want the uranium. You don't want the radioactive waste. Our country, our kids, our future and our planet needs respect - not mines or dumps.

The spirit of our ancestors, the spirit of the land and our spirits and prayers are with you.
